## ESTIMATE DETAILS

excavation of culvert areas: Roto-Rooter will arrive on site with a small excavator to dig out 5 ditch/inlet areas that have been filled with mud over the years. Multiple yards of material need to be removed for the system to work properly. Dirt and rock will be removed. We will try and recover what rock we can to reinstall in ditch area. Roto-Rooter can bring in new rock if needed for the areas with approval at the time.
