Wallace Dam, No. 499
Calaveras County
Case Number M2025-007

In response to the Division of Safety of Dams' (DSOD) Notice of Violation dated May 13, 2025, Verdantas submitted a technical study, geospatial files, and an inundation map for Wallace Dam dated October 2025. DSOD's Reevaluation Engineering Branch will review and provide you with any comments.

Upon determination that the inundation map is in compliance with Title 23, Division 2, Chapter 1, Article 6 of the California Code of Regulations, DSOD will issue a letter approving the inundation map. DSOD recommends that you begin working on the draft Emergency Action Plan (EAP) while the inundation map submittal is under review. Questions regarding EAP requirements should be sent to the California Governor's Office of Emergency Services at EAP@caloes.ca.gov.

If you have any questions or need additional information, you may contact Senior Enforcement Engineer Jeffrey Kuhl by email at Jeffrey.Kuhl@water.ca.gov or by phone at (916) 606-5790 or contact me by email at John.Tatyosian@water.ca.gov or by phone at (916) 820-7798.

A handwritten signature in black ink that reads 'John Tatyosian'.

John Tatyosian, P.E., Enforcement Officer
Enforcement Branch
Division of Safety of Dams
